# DIGITALLY PRINTED WALLPAPER

High quality digitally printed wallpaper, enhances the impact of any office, board room, retail outlet, exhibition stand – and even the home. Bespoke patterns complement the ambience of any area – especially feature walls, children's playrooms and bedrooms. We have been working with blue chip clients over the past two years – including a number of high street banks and retail outlets – supplying and fitting this high quality product.

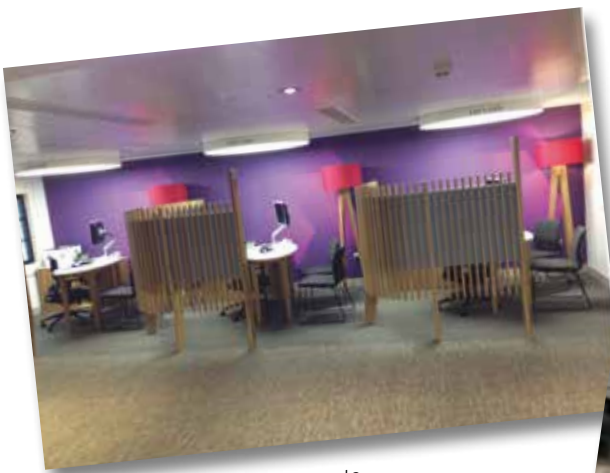

*Household*

*Offices*

Through discussion with our client, our printing delivers that personalised touch. The versatile wall coverings – which have British Standard and Fire Resistance accreditation – are printed on our specially adapted UV digital printing presses, to the highest quality. They are robust and very easy to clean, and by using UV inks, the colours do not fade, like some commercial wallpaper.

Corporate

Using our experienced and professional installation team, we offer the full service. From a print production environment – to high quality fitting of all commercial and even home environments. Our installation team work anytime to suit our clients requirements.

We can accommodate daytime, weekends – and even overnight to minimise any inconvenience to the customer. We supply all adhesives, primers and tools, so you don't have to worry about anything.
